STATE ORDER

SERVICE DATE

JUN 28 2000

BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

In the Matter of the Application
for Sale and Transfer of Assets,
from

U S WEST Communications, Inc

to

Citizens Telecommunications Company
of Idaho

DOCKET UT-991582

Order Approving Stipulation
and Granting Application

RECEIVED

JUN 30 2000

U S WEST
LAW DEPARTMENT

On October 18, 1999, Citizens Telecommunications Company of Idaho (CTC-Idaho) and U S WEST Communications, Inc., (U S WEST) filed with the Commission a joint application for an order authorizing the transfer of property related to the Clarkston, Washington exchange. CTC-Idaho seeks an order approving the transfer to CTC-Idaho of the telecommunications assets used to provide local exchange service in the Clarkston exchange. U S WEST seeks an order from the Commission approving the transfer of the exchange and associated facilities from U S WEST to CTC-Idaho.

CTC-Idaho was registered as a telecommunications company in the State of Washington in Docket UT-991581. CTC-Idaho's application asserts that it is technically and financially qualified to operate the Clarkston exchange, and was supported with exhibits demonstrating its financial condition and its ability to operate that exchange.

On June 27, 2000, U S WEST, CTC-Idaho and the Commission Staff entered a Stipulation in which they agree on all issues raised by this joint application. The Stipulation is attached to this order and is incorporated herein by this reference. Pursuant to the Stipulation, CTC-Idaho agrees to adopt applicable U S WEST intrastate rates which are in effect on the closing date for the Clarkston exchange. A rate cap will be in effect for the Clarkston exchange for a period of 24 months following the closing date of the sale. CTC-Idaho also will negotiate interconnection agreements with all telecommunications service providers that currently have interconnection agreements with U S WEST and currently provide services in the Clarkston exchange. CTC-Idaho expects to reach agreement with all such providers before closing.

FINDINGS

THE COMMISSION FINDS:

1. The Washington Utilities and Transportation Commission is an agency of the state of Washington vested by statute with authority to regulate rates, services, facilities, practices, rules, accounts, and transfers of public service companies, including telecommunications companies.
2. U S WEST Communications, Inc. and Citizens Telecommunications Company of Idaho, are public service companies subject to the jurisdiction of this Commission under the provisions of Chapter 80.12 RCW.
3. As to form, the application herein meets the requirements of Chapter 80.12 RCW and the rules and regulations of the Commission adopted pursuant thereto.
4. The Stipulation resolves the issues pending in this proceeding including the ultimate issue of whether the proposed transfer is "inconsistent with the public interest" under WAC 480-143-173.
5. Subject to the terms of the Stipulation, the proposed transfer is not inconsistent with the public interest.
6. The Commission does not object to the FCC granting study area waiver nor to any configuration of study area boundaries involving the Clarkston exchange.

ORDER

THE COMMISSION ORDERS:

1. The Stipulation is approved and adopted as part of this Order as if set forth fully in the body of this Order, and
2. The joint application of Citizen Telecommunications Company of Idaho and U S WEST Communications, Inc., for approval of the sale and transfer of the exchange property is approved, subject to the terms of the Stipulation.

3: The Commission retains jurisdiction to effectuate the provisions of this Order, including the terms and conditions of the Stipulation.

DATED at Olympia, Washington, and effective this 28th day of June, 2000.

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

MARILYN SHOWALTER, Chairwoman

RICHARD HEMSTAD, Commissioner

WILLIAM R. GILLIS, Commissioner

BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

IN THE MATTER OF THE JOINT
APPLICATION OF U S WEST
COMMUNICATIONS, INC. AND CITIZENS
TELECOMMUNICATIONS COMPANY OF
IDAHO FOR TRANSFER OF PROPERTY

Docket No. UT-991582

STIPULATION OF CITIZENS, US WEST AND
THE COMMISSION STAFF

I. PARTIES

The applicants in WUTC Docket No. UT-991582, Citizens Telecommunications Company of Idaho ("CTC-Idaho"), a Delaware corporation, US WEST Communications Inc. ("U S WEST"), a Colorado corporation, and the Staff of the Washington Utilities and Transportation Commission ("Staff"), have reached agreement on the issues raised by the Joint Application and wish to present their agreement on these issues for the Commission's consideration. The parties therefore adopt the following Agreement. The Parties enter into this Agreement voluntarily to resolve the matters in dispute between them and to expedite the orderly disposition of this matter.

II. AGREEMENT

A. CTC-Idaho Conditions of Settlement.

1. Rate Cap/Tariffs. CTC-Idaho will adopt applicable US WEST intrastate rates which are in effect on the closing date¹ for the Clarkston exchange that CTC-Idaho is acquiring from US WEST in Washington (hereinafter "Exchange").

CTC-Idaho will not offer certain services that are in US WEST's current Washington state tariff because no customers in the Exchange currently subscribe to these services. The draft tariff filed by CTC-Idaho on March 21, 2000 excludes these services. If a customer who

¹ Closing date means the date upon which U S WEST transfers ownership of the assets to CTC-Idaho pursuant to the terms of their Purchase Agreement.

previously subscribed to one of the excluded services requests the same service in the future, CTC-Idaho will determine if the service can be provided with existing equipment or offer an equivalent available service. If no equivalent service is available and the requested service can be provided with existing equipment/software, and the requested service was not previously grandfathered, CTC-Idaho will file a tariff to offer the requested service to the customer.

A rate cap will be in effect for the Exchange for a period of 24 months following the closing date for the CTC-Idaho/US WEST transaction, and during that period CTC-Idaho will not increase rates affected by the rate cap. The rate cap will apply to intrastate tariffed rates, however, it will not apply to price listed services. The rate cap will not preclude a change in rates caused by legislative or regulatory initiatives nor will it apply to force majeure conditions.²

2. Interconnection. CTC-Idaho intends to negotiate interconnection agreements with all telecommunications service providers that currently have interconnection agreements with US WEST and currently provide services in the Exchange. CTC-Idaho expects to reach agreement with all such providers before closing. If it does not, CTC-Idaho will provide interconnection service to that provider according to the existing interconnection agreement with US WEST until CTC-Idaho and the provider have executed a new interconnection agreement. CTC-Idaho will not assert a claim for rural exemption to avoid interconnection pursuant to 47 U.S.C. Sections 251(b) or (c) of the Telecommunications Act of 1996 for the Exchange.

3. Capital Deployment Plan. CTC Idaho will provide a capital deployment plan comprised of two phases. Phase I of the plan will be submitted six (6) months after the closing date and will show the first two years of capital expenditures. A new switch in Lewiston³ will be a priority of the Phase I capital deployment plan. Phase II of the plan will be submitted eighteen months after the closing date and will detail the first year of completed projects and two

² Force majeure conditions include circumstances beyond the reasonable control of the party obligated to perform, such as those due to the elements, natural disasters, strikes, electrical, computer or mechanical failures, civil or military emergencies, or acts of legislative, judicial or other civil authorities.

³ The customers in the Exchange receive dialtone from the Lewiston central office.

years of projected expenditures. Status reports will also be submitted at the end of years 1, 2 and 3.

4. Telephone Plant Adjustment. Ratemaking treatment for the telephone plant adjustment ⁴ recorded in account 2005, paid by CTC-Idaho will be deferred as a below the line item until a future proceeding. CTC-Idaho reserves the right to seek regulatory or revenue requirement treatment of the telephone plant adjustment if it is able, upon demonstration, to satisfy the Commission that such treatment is appropriate and in the public interest. At that time, CTC-Idaho may request the Commission to allow it to recover all or a portion of the difference between the purchase price and the net book value of the assets at the time of the purchase. CTC-Idaho recognizes that, absent proof that ratepayers have been provided benefits exceeding those that would have been realized under continued ownership by US WEST, no recovery or no return of the telephone plant adjustment resulting from this transaction will be allowed.

B. U S WEST Conditions of Settlement.

1. U S WEST will spend \$4 Million, less the amount specified in C.2. below, to upgrade analog carrier systems to digital carrier systems in southeast Washington.
2. U S WEST will credit \$4 Million to its intrastate depreciation reserves.
3. In consideration for the above reference investments and depreciation accrual, Staff and U S WEST agree that in any future U S WEST ratemaking proceeding there will be no additional ratemaking adjustment or adjustments of the gain on the sale of the Clarkston exchange.

C. Joint U S WEST and CTC-Idaho Conditions of Settlement.

1. Rate Center Consolidation. U S WEST and CTC-Idaho agree to proceed with the rate center consolidation of Clarkston and Pomeroy as soon as feasible but no later than September 30, 2002.
2. U S WEST agrees to waive the right to recover Clarkston and Pomeroy
